

Greenbacker Renewable Energy Company LLC Announces June 30, 2016 Net Asset Value Per Share and Revised Share Offering Prices

NEW YORK, NY (July 27, 2016) - Greenbacker Renewable Energy Company LLC (the "Company") announced today that its Board of Directors ("Board of Directors") approved the June 30, 2016 net asset value per share for Class A and I shares of common stock of \$8.69, respectively, an increase of \$0.13 per share from the prior quarter end's valuation. In addition, the Board of Directors approved the June 30, 2016 net asset value per share for Class C shares of common stock of \$8.43, a decrease of \$0.13 per share from the prior quarter, primarily due to a change in accounting for the distribution fee paid on the Class C shares. Without this change in accounting, the June 30, 2016 net asset value per share for Class C shares would have increased by \$0.13 per share. Due to the changes in net asset value per share, the Company revised the per share offering price for each class of shares effective August 4, 2016, to the following - \$10.227 per Class A share, \$9.791 per Class C share and \$9.394 per Class I share.

Due to the change in the share offering prices, the Company's Board of Directors authorized an increase in cash distributions payable on September 1, 2016 and October 1, 2016 to shareholders of record of Class A, C and I shares as of August 31, 2016 and September 30, 2016, respectively, to \$0.00167656 per share, per day to maintain the current annual distribution rates.

RISK FACTORS

There is no guarantee that Greenbacker Renewable Energy Company's ("Greenbacker's") investment strategy will be successful. Investment in a non-listed LLC like Greenbacker involves significant risks including but not limited to: no secondary market; limitation on liquidity, transfer and redemption of units; distributions made may not come from income, are not guaranteed and are subject to board discretion; investors may lose their entire investment; Greenbacker is dependent upon its advisor to select investments and conduct operations; and Greenbacker's advisor will face conflicts of interest. Greenbacker is not suitable for all investors. This investment relies, in part, on federal and state incentives currently in place to support the renewable energy industry. These incentives may be discontinued, reduced, or otherwise adversely modified in the future which may ultimately adversely affect investors' returns.

Greenbacker carries significant fees and charges that will have an impact on investment returns. Information provided by Greenbacker Capital Management, LLC.
