

NEW YORK, NY (July 10, 2014) – A committee of the board of directors (the “Board”) of Sierra Income Corporation (“SIC”) has approved an increase in its public offering price from \$10.25 per share to \$10.30 per share.

The increase in SIC’s public offering price will be effective as of SIC’s July 10, 2014 weekly closing and first applied to subscriptions received from July 4, 2014 through July 10, 2014. The purpose of the price increase is to ensure that SIC’s net asset value (“NAV”) per share does not exceed its offering price per share, after deducting selling commissions and dealer manager fees, as required by the Investment Company Act of 1940, as amended.

If SIC continues to experience underlying portfolio fluctuations, then SIC may further increase or decrease the per-share offering price of its shares of common stock for its future weekly closings. SIC has not yet determined that a further adjustment to the newly-established offering price of \$10.30 per share will be necessary. In the event SIC determines to adjust its current offering price, a separate announcement will be issued.
